Good Morning Kelle,

We greatly appreciate you making yourself available for us.

How about tomorrow at 4:30 EST? Is there any literature on the Rodenticide Diagnostics & Advocacy Program we can review before our call?

Best,
Rusty

Hi Rusty,

Thanks for following up! I have been out of the office for a couple of days for the holiday.

I can make myself available next week to go over WildCare's Rodenticide Diagnostics & Advocacy Program results from 2012. Tuesday or Friday after 2pm your time are best for me. Let me know what works for you.

Kelle

Hello Kelle,

I hope you are well. I wanted to follow up on the wildlife incident data WildCare collected last year and to see if you are available to chat either tomorrow or next week.

Best,

Rusty

Thanks Again Kelle,

I am sorry for the health troubles you are experiencing and I hope you feel better. We will be ready to review WildCare's materials when they are made available. It is ok if it takes a little longer, we have other things to work on too ;)

Regards,

Rusty_____

Subject: checking in

Hi Rusty,

Just a quick check in to let you know that I am still working to gather information and drill down WildCare's data to support the EPA's cancellation of certain rodenticides. I expect to have the info. to you by the end of the week. I have been experiencing some fairly serious health problems and have missed quite a bit of work over the last two weeks. They do seem to be resolving now and I'm starting to feel well enough to work again. I sincerely hope this does not pose any inconvenience.

I realize the importance of this issue and providing EPA with WildCare's data and the related projects are still my top priority.

Kelle
